

Djerassi Resident Artists Program

FOOD SURVEY

The evening meals at the Djerassi Program are served buffet style and will include plenty of healthful California products. We stock many necessary staples for your daily needs. Any additional food items desired may be purchased by artists independently.

Although we cannot tailor each meal to every individual we do try to please. Therefore it would be helpful for the Chef to know in advance any specific dietary restrictions. Our chef does his best to avoid allergies, but please note that meals are prepared in a kitchen that is not 100% nut and gluten free.

Please fill out the following questionnaire:
