

## **FOOD SURVEY**

The evening meals at the Djerassi Program are served buffet style and will include plenty of healthful California products. Breakfast and lunch items are stocked in the pantry and refrigerator for you to help yourself throughout the day.

Although we cannot tailor each meal to every individual, we do try to please. Therefore it is helpful for the Chef to know in advance any specific dietary restrictions. Our chef does their best to avoid allergies, but please note that meals are prepared in a kitchen that is not 100% nut or gluten free.
